

In a Companies of Local Interest Stock Table:

- 1 What does the YTD % CHG column tell you? Why do you need to know that?
- 2 What is a stock's volume?
- 3 What is the title of the column which tells the total number of shares were traded?
What do you need to do to that number?
- 4 What is the title of the column would tell you the name of the company?
- 5 What is the title of the column would you check to see the stock price at the end of the day?
- 6 What is the title of the column would you check to see the net change in stock price from the previous day's closing price?
- 7 What is the title of the column would you check to see the two columns show the highest and lowest price of stock during the last 52 weeks?
- 8 What does the column labeled PE tell you?
- 9 Which columns (by lable, not number!) will help you decide which companies to invest in? Why?
- 10 Look in the paper or on the internet (yahoo finance; www.zacks.com or www.hoovers.com); find the Data Table; 1. choose companies that you think would be good investments for your group; . Explain why you think they would be good companies?
